REGISTRATION

Registration

Summer camp registration opens Wednesday, January 14 at 6am at GetYourGirlPower.org. Many camps fill up and close on opening day of registration, so don't wait!

Once registered, you will receive a confirmation e-mail receipt. The e-mail will contain a link to the confirmation packet, which includes all paperwork that needs to be turned in during camp check-in on the first day of your session. You can also find the confirmation packet and required forms on our website under Summer Camps.

Registration closes two weeks prior to the start of each session. If a session is full, you can contact Customer Care to be placed on a waitlist. If, and when a spot opens up, we will reach out and let you know the open spot will then be put online and is first come, first serve!

Deposit

A \$25 per session **non-refundable** and **non-transferable** deposit is required for registration. Full payment is required upon registration if the session is \$100 or less. Cookie Dough/Nutty Bucks or Gift Certificates may not be used for deposit.

Payment

All camp fees must be paid in full two weeks prior to the camp session. Payment is not accepted at camp. Campers carrying an outstanding balance 2 weeks prior to session will lose their spot and deposit.

Cookie Dough and/or Nutty Bucks must be sent in prior to, or with, the final payment. Cookie Dough/Nutty Bucks cannot be submitted for a cash refund or used as the initial deposit.

Refund Policy

If a session or event does not meet the minimum registration as of the deadline date, GSCI reserves the right to cancel. Notice will be made by email.

Deposits, extra fees, camp adventure care packages, and prepaid trading post account funds are non-refundable. A full refund, including deposit, is made only if a camper cannot be placed in a session or the session is cancelled. No refunds will be made for campers arriving late, leaving early, attending only a portion of the session, who fail to attend, or for campers who violate camp policies or rules and are sent home.

Contact Customer Care at customercare@girlscouts-gsci.org or 888-623-1237 to complete the Refund Request Form. After camp ends, partial refunds may be considered on a case-by-case basis and only in the case of extenuating family circumstances or medical reasons supported by a doctor's statement.

Summer Camp registration opens Wednesday, January 14 at 6am!

FLEXIBLE PRICING & CAMP SCHOLARSHIPS

Girl Scouts of Central Illinois (GSCI) strives to ensure household finances are not a barrier when paying for a camp experience. Camp opportunities are subsidized by GSCI, meaning the cost to provide camp programming and operate camp is greater than the fee paid to participate. The flexible pricing system makes it possible for all campers to have the same experience regardless of what their caregiver can afford. Flexible prices are listed with each camp session description and should be selected based on the family's budget. Each session has three tiers of pricing.

Tier One (T1):

Close to the actual cost of camp.
Helps cover staffing, program supplies, food, and maintenance costs.

Tier Two (T2):

Partially subsidized cost for families that can pay a little more than tier three. Reflects 65-75% of the actual cost of camp.

Tier Three (T3):

Lowest cost of the program.
Reflects approximately 50% of the actual cost of camp.

Additionally, GSCI offers camp scholarships. When registering for a camp session online, you will be asked if you want to apply for a camp scholarship. Once you check "yes," there will be an additional form to complete. The application is reviewed and you will be contacted regarding the acceptance and the amount of scholarship awarded. All information is confidential. Campers can only receive one camp scholarship per camp, per summer.

GSCI follows the income guidelines from the USDA for free or reduced lunches when awarding camp scholarships. If your family meet the *free lunch* guidelines, your camper receives a full scholarship or the amount requested, minus the registration fee of \$25. If you meet the *reduced lunch* guidelines, the camper receives a 50% camp scholarship. If you do not meet these guidelines, your request is reviewed by staff and you will be notified of the amount received.

If a camper has earned Cookie Dough or Nutty Bucks, it will be applied before a camp scholarship is awarded. If they have used their Cookie Dough or Nutty Bucks, the camp scholarship will be awarded minus the amount earned. The camper's family is responsible financially for the remainder of the cost.

Note: Some camp sessions with specialized activities such as field trips, travel, or other extra experiences may have additional fees. These will be noted in the camp session description. If you are still unsure if you will qualify for a camp scholarship based on the guidelines, you may fill out a pre-approval form that can be found on the camp section of our website to see what you may qualify for before registering for camp.

*Get \$15 off of Day Camp and \$25 off of Overnight Camp
when you register by February 11!*

DAY CAMP BEFORE AND AFTER CARE

GSCI charges a fee for before and after care. The cost is the same regardless of flexible pricing or whether or not you are a current Girl Scout. Before Care runs from 7:30am to 9am, and After Care runs from 4pm to 5:30pm. Before and After Care is only \$25 for a week.

EXPLOREMORE CAMP WITH COOKIE REWARDS!

Girl Scout programming is powered by the Girl Scout Cookie Program. The Cookie Program helps to upkeep our camp properties and is a great way for Girl Scouts to help pay for their camp session! Cookie Dough earned through the Cookie Program can be applied as payment for any camp session or can be used in the Trading Post. (Please note, the \$25 camp session deposit cannot be paid for using Cookie Dough.)

- 500 boxes could pay for one person to attend Family and Troop Events.
- 600 boxes could pay for one week of Quincy Community Day Camp.
- 1,100 boxes could pay for one week of day camp at Camp Kiwanis, Camp Widjiwagan, or Camp Tapawingo, or a mini-overnight camp at Camp Tapawingo.
- 1,700 boxes could pay for one full week of overnight camp.
- 1,800 boxes could pay for one week of overnight camp, equestrian overnight camp, or two-weeks of Counselor in Training overnight camp.

Plus, you still get all the patches and incentives!

**Numbers are based on selecting Cookie Dough when given the option. Don't forget to bring any remaining Cookie Dough to camp to spend at the Trading Post!*

ACCOMMODATIONS

Campers needing accommodations for food allergies or special medical needs should contact the camp director prior to registration. We try to accommodate all campers' needs.

FRIDAY FINALE

Join us for the Friday Finale at camp each week. Meet your camper's new friends and see skits and songs from the week. Exact times vary from camp to camp. Sign up while registering for your weekly session. For Camp Tapawingo, guests will have the option to add an optional \$10/person lunch to enjoy with their camper.

MEDICAL RECORDS

All campers must submit a completed Health History Form signed by the parent/guardian and a complete vaccination record or official letter of exemption signed by a doctor. GSCI Camps follow the same requirements put forth by IDPH for public schools.

Overnight campers (3+ nights) must also have a physical completed within 24 months prior to the last day of the camp session. This may be the physician portion of the Health History Form or simply a copy of a recent physical.

Health Records will be collected at check-in and are kept confidential.

All medications must be turned in at check-in with their original packaging, and instructions for administration must be included on the Health Record. Medications will be stored securely and administered by healthcare or trained, administrative staff.

TRADING POST

Campers can learn about budgeting and bring home camp keepsakes, or pick up forgotten camp gear (water bottles, bandanas, etc.) with a visit to our Camp Trading Post during their time at camp. To keep all camper possessions secure, any cash, checks, or cookie dough must be deposited into the campers trading post account during the online registration or check-in process.

Campers typically spend \$15-\$25 on souvenirs. If trading post money is added online during registration, any unused money will go into our camper financial assistance fund.

CAMP ADD-ONS

Pre-order the official 2026 summer camp T-shirt to wear while you're at camp and to keep as a memento of your awesome Summer Camp experience! Camp T-shirts are \$18 each and can be pre-ordered when you register for any camp session online. The deadline to place a camp t-shirt pre-order is May 26.

Surprise your Girl Scout at Summer Camp with a Camp Care Package! These pre-purchased kits include a stuffed animal and additional 4-5 camp/activity/art items! Kits are \$40 each and can be purchased when registering for summer camp.

Along with the camp T-shirt, an exclusive hoodie will be available for girls to pre-order online to represent Camp Tapawingo! Camp Tapawingo Hoodies will be available for pre-order exclusively for Tapawingo campers for \$30.

FREQUENTLY ASKED QUESTIONS

Badge Work

Activities coordinate with Girl Scout Journeys and badges. Badges are not included at camp but earned badges may be purchased at your local Service Center. You will receive a badge sheet at the end of camp with the badge steps completed. Additional steps may have to be completed at home to earn the badges.

Buddy Requests

Overnight campers may request ONE buddy upon registration. Buddies will be placed in the same tent or cabin and will be buddies for as many activities as possible. However, they may not be buddies for all activities depending on group size, dynamics, and schedule. Day campers will be in age-level groups (no buddy requests).

Cell Phones/Electronics

Camp is intentionally technology-free to create an environment where campers can fully immerse themselves in the wonder of nature and build lasting connections with their fellow campers. This break from screens fosters social interaction, encourages physical activity, and allows campers to disconnect from the digital world and reconnect with the simplicity and richness of the great outdoors. Campers are not allowed to bring phones, tablets, smartwatches, headphones, or similar devices. We know it's tough. Releasing your camper into the wild (and our expert care) is new for some, but know your camper is safe and having a great time.

We welcome families to send mail, care packages, and one-way e-mail to their campers. Parents are encouraged to call and speak to the camp director about their camper at any time. In case of emergency or if warranted for any reason, parents/guardians/emergency contact person will be contacted.

Changes in Activities

Our camps are camper-led so the campers help plan activities. Activities may be modified or rescheduled depending on weather, group behavior, or available materials.

Counselor/Camper Ratio

Counselor-camper ratios will be met at all camps. Visit GetYourGirlPower.org for ratios. All counselors use a camp name while at camp.

Meals/Snacks

Day campers at Camp Kiwanis, Camp Widjiwagan and Quincy Community Day Camp must bring a sack lunch daily. Morning and afternoon snacks are provided. Day and overnight campers at Camp Tapawingo receive all meals and snacks.

We do our best to accommodate all allergies and dietary restrictions. We ask that you contact the camp director to discuss any food allergies or accommodations a minimum of two weeks before arrival at camp so we are sure to be prepared!

Facilities

Campers stay in rustic units that are tucked into the woods and typically consist of 6-10 open-air platform tents or 4 rustic cabins. Tents are situated on wooden decks on the ground and are approximately 12' x 14' with weather-treated canvas sides and roofs. Each tent contains four sleeping cots with mattresses and each cabin contains 10 sleeping cots with mattresses. One rustic unit house that sleeps up to 24 will be used for some summer sessions at Camp Tapawingo. All of our facilities have a shower house. Security lighting is located throughout camp.

ACTIVITY PROGRESSION

Activities at GSCI Camps are designed to be progressive - new challenges and new activities become available as campers attend more camp sessions and gain more skills. This ensures campers are both staying safe and continuing to learn and try new things every year. It also keeps camp engaging and FUN! This means campers in the first grade may do substantially different activities from middle school campers. Read more about some of our favorite outdoor activities below. View the description for your session to see what activities campers will be doing during specific weeks.

Archery

Archery is a challenging and engaging activity available at all of our camps. While attempting to hit the bullseye, campers gain valuable practice in patience, concentration, and sportsmanship. Archery requires both strength and hand-eye coordination that is still developing in younger campers. For this reason, Daisy (K-1st grade) campers use alternatives such as sling shots or nerf-style archery sets.

Challenge Course

The challenge courses at Camp Tapawingo and Camp Widjiwagan are a great way to step outside your comfort zone and test your limits! The high ropes activities are designed for girls in middle and high school. The low or ground team building courses are designed for Juniors and above. These restrictions are for safety reasons. Not all teen camps will participate in these unless the activity is listed in the camp description.

Canoeing

Canoeing is an excellent way to explore the outdoors! All camps have canoeing available. Due to the strength and coordination required to maneuver a canoe, Daisies will be passengers when boating. All campers will learn the basics of how to be safe around boats and water and how to do basic canoe strokes. Older campers may progress to rescues, advanced strokes such as the J, Sweep, Pry, Draw, and more. Travel campers may go on longer canoe expeditions where they will learn how to safely paddle and portage.

Climbing Wall

The climbing walls at Camp Tapawingo and Camp Widjiwagan are designed for campers entering 2nd grade and above. The equipment and design of the wall is made specifically for campers 4' or taller.

CAMPER LED PLANNING

All campers participate in Girl-Led Planning on the first day of camp. Each group discusses what activities they want to do. We encourage campers to come with ideas in mind and be creative! Maybe they want their group to write and perform a play? Maybe they want to create a camp-wide scavenger hunt? Maybe they want to have a costume party in the lodge? Maybe they want to make sure some camp classics are done as well - archery, tie-dye, friendship bracelets, stargazing or a night hike? Bring it up and their counselors will attempt to work it into their schedule. Camper-Led Planning helps campers take ownership of their experience while promoting collaboration and teamwork.

While we do our best to include all Camper-Led Planning ideas and requests, if you want assurance that your camper will do a particular activity while at camp, be sure it is in the session description.

EARN YOUR CAMP CHARM!

This membership year, all registered GSCI members received a special patch where Girl Scouts could collect charms to represent all of their accolades of the Girl Scouting year. One of those accolades is camp! Don't worry, their free charm for attending one of our camps will be given to your camper the last day of camp. *One charm per camper. The charm is subject to change based on availability.*

Every day will be a new celebration during this festive week at camp. So start digging out all your holiday pajamas and seasonal T-shirts. We'll be making gingerbread houses, ornaments, and reindeer food while we learn about winter holidays around the world. Toss on an old Halloween costume and learn to make candy as we explore historic fall celebrations. Don't worry we'll still have plenty of time at the pool as we celebrate all the summer holidays and explore camp while looking for decorated eggs and evidence of leprechauns.

This extreme camp will have you scaling the 40ft rock wall, flying through the air as you zip down the zipline, trying your hand with a bow and arrow, and navigating through the woods on a hike, all while making lifelong memories with new friends. Carrying our brave spirit to the night, we'll plan an overnight somewhere else at camp- will we sleep under the stars on Mary Morgan's porch, or will we put up tents at Bull Frog? You'll still get time to relax at the pool as you reflect on all you've accomplished in such a short amount of time!

Bookworms

Sunday, July 19 - Friday, July 24

Once upon a time, in a far away woods, there was a group of Girl Scouts. Their days were as long as the tales they read. In the evenings, they would sit around the campfire, making sweet treats as they played story-telling games. With a slingshot in hand they took to the Storybook Archery Range hidden in those very same woods. Inspired by friendship, those Girl Scouts took pen to paper and wrote and wrote...filling a book of their own words.

Everyone can bring a favorite book to share with the group during the week.

CAMP TAPAWINGO EQUESTRIAN OVERNIGHT CAMPS

Please read the skill level descriptions below thoroughly before registering your camper for an equestrian camp session. It is important for the safety and satisfaction of all campers, staff, and the horses that campers are in a program that is appropriate to their skill level. Note that it is better to sign up for a level too low than a level too high as campers will not be permitted to ride above their abilities. This ensures campers, staff, and horses stay safe and have an enjoyable experience.

Beginner

A beginner equestrian camp is designed so that staff are more “hands on” with campers on horseback. We always strongly encourage campers to ride independently so long as they are comfortable and it is safe to do so. However, if the camper needs to be assisted while on their horse; for the safety of all participants (riders, staff, horses), then the proper support will be provided. Generally speaking, this equates to campers that have never been to equestrian summer camps or have been to at least one or an equivalent.

Intermediate

An intermediate equestrian camp is designed to further the camper’s independence from the staff. We encourage campers to ride with as little assistance as possible, while still under the close supervision of staff. If the camper requires aid, we can help as long as is needed, and then back away to allow for the camper to continue to ride unassisted and gain confidence. Generally speaking, this equates to campers that have been to 2 or 3 equestrian summer camps or an equivalent.

Advanced

An advanced equestrian camp is designed to help a camper gain full independence. The camper is furthering their riding skills and knowledge of horses through minimal assistance. Under careful supervision, campers will have full and complete independence from staff while working with and around our horses. Generally speaking, this equates to campers that have been to 4 or more equestrian camps or an equivalent.

All campers in horse programs will be split into groups based on riding skill. Campers will ride 2-4 times during the week. Excessively hot weather, rain, and skill set of the group can affect the amount of ride time. Campers will receive a very well-rounded experience at the barn, including learning proper grooming and the basics of horse, equipment and stable care. Boots and helmets are provided for riding, and campers who wish to bring their own must check with the Equestrian Manager to ensure equipment meets safety standards.

All attendees receive a horse camp fun patch!

Manes n' Reins

Sunday, June 28 - Tuesday, June 30

Grab your brushes and learn how to properly groom a horse as you build a connection with your new companion before saddling up, taking the reins, and heading out to ride. Through arena exercises, build trust and confidence with your equine partner. Now that you’ve built an irreplaceable friendship, use your imagination and creative skills to make a horse’s mane and tail magical with braids and ribbons. The braiding doesn’t have to stop at the barn, craft your own friendship bracelet or lanyard while you sing songs around the campfire.

When your time at the barn is over for the day, enjoy learning camp songs and games, making crafts with friends, and lots of campfires.
