Registration

Summer camp registration opens Wednesday, February 15 at 8am at GetYourGirlPower.org. Many camps fill and close on opening day of registration, so don’t wait!

Once registered, you will receive a confirmation e-mail receipt. The e-mail will contain a link to the confirmation packet, which includes all paperwork that needs to be turned in during camp check-in on the first day. You can also find the confirmation packet and required forms on our website under Summer Camps.

Registration closes two weeks prior to the start of session.

Deposit

A $25 per session non-refundable deposit is required for registration. Full payment is required upon registration if session is under $100. Cookie Dough/Nutty Bucks may not be used for deposit.

Payment

All camp fees must be paid in full two weeks prior to the camp session. Payment is not accepted at camp. Campers carrying an outstanding balance 2 weeks prior to session will lose their spot and deposit.

Cookie Dough and/or Nutty Bucks must be sent in prior to, or with, the final payment. Cookie Dough/ Nutty Bucks cannot be submitted for a cash refund or used as the initial deposit.

Refund Policy

If a session or event does not meet the minimum registration as of the deadline date, GSCI reserves the right to cancel. Notice will be made by email.

Deposits, extra fees, camper adventure care packages, and prepaid trading post account funds are non-refundable. A full refund, including deposit, is made only if a camper cannot be placed in a program or if it is necessary to cancel the program. No refunds will be made for campers arriving late, leaving early, attending only part of the program, for those who fail to attend, or for campers who violate camp policies and rules and are sent home.

Contact Customer Care at customercare@girlscouts-gsci.org or 1-888-623-1237 to obtain a Refund Request Form. After camp ends, partial refunds may be considered on a case-by-case basis and only in the case of extenuating family circumstances or medical reasons supported by a doctor’s statement.

DEI Position Statement: Girl Scouts of Central Illinois aspires to be an organization that is anti-racist, inclusive of members' identities, and equitable, building accessibility to Girl Scouting for all.
Girl Scouts of Central Illinois (GSCI) strives to ensure household finances are not a barrier when paying for a camp experience. Camp opportunities are subsidized by GSCI, meaning the cost to provide camp programming and operate camp is greater than the fee paid to participate. The flexible pricing system makes it possible for all campers to have the same experience regardless of what their caregiver can afford. Flexible prices are listed with each camp session description and should be selected based on the family’s budget. Each session has three tiers of pricing.

**Tier One (T1):**
Close to the actual cost of camp. Helps cover staffing, program supplies, food and maintenance costs.

**Tier Two (T2):**
Partially subsidized cost for families that can pay a little more. Reflects 65-75% of the actual cost of camp.

**Tier Three (T3):**
Lowest cost of the program. Reflects approximately 50% of the actual cost of camp.

Additionally, financial assistance known as “camperships” is available at all GSCI camps. Partial camperships may be awarded. Campership Financial Assistance applications must be completed when registering online. All information is confidential.

*Note:* Some camp sessions with specialized activities such as field trips, travel, or other extra experiences may have additional fees. These will be noted in the camp session description.

### Day Camp Before & After Care

GSCI charges a fee for before and after care. The cost is the same regardless of flexible pricing or whether or not you are a current Girl Scout.

**Before and After Care**
- 7:30-9am and 4-5:30pm
- $25/week
Girl Scout Cookies Can Pay for Camp!

Girl Scout programming is powered by the Girl Scout Cookie Program. The Cookie Program helps to upkeep our camp properties and is a great way for Girl Scouts to help pay for their camp session! Cookie Dough earned through the Cookie Program can be applied as payment for any camp session or can used in the Trading Post. (Please note, the $25 camp session deposit must be paid in cash, but Cookie Dough can be applied for the remaining balance.)

400 boxes could pay for one person to attend troop or family camp
500 boxes could pay for a week of Quincy community day camp
900 boxes could pay for a week of day camp at Camp Kiwanis or Camp Widjiwagan
1,100 boxes could pay for a week of mini-overnight camp IF you pick $150 cookie dough at the 1,000 box level
1,500 boxes could pay for a week overnight camp
1,700 boxes could pay for a week of equestrian overnight camp
2,000 boxes could pay for a two-week travel camp

Plus you still get all the patches and incentives!

Don’t forget to bring any remaining Cookie Dough to camp to spend at the Trading Post!

COVID-19 Safety Precautions

During the ever-evolving pandemic, summer camp is more beneficial than ever. The safety of our campers, staff, and volunteers is paramount. Based on guidance from the Centers for Disease Control (CDC), the American Camp Association, and our local and state health departments, we have a proactive plan in place to keep camp as safe as possible. We will continue to have as many activities outdoors as possible, and will have increased handwashing and sanitizing procedures. As summer camp gets closer, we will review the CDC, American Camp Association, and local and state health department guidelines at that time and update our practices as necessary. We will share this information with caregivers before and during summer camp.

Accommodations

Campers needing accommodations for food allergies or special medical needs should contact the camp director prior to registering. We try to accommodate all campers’ needs.
Medical Records

All campers must submit a completed health history form signed by the parent/guardian and a complete vaccination record or official letter of exemption signed by a doctor. GSCI Camps follow the same requirements put forth by IDPH for public schools.

Overnight campers (3+ nights) must also have a physical completed within 24 months prior to the last day of the camp session. This may be the physician portion of the health history form or simply a copy of a recent physical.

Health Records will be collected at check-in and are kept confidential.

All medications must be turned in at check-in in their original packaging and instructions for administration must be included on the Health Record. Medications will be stored securely and administered by healthcare or trained administrative staff.

Friday Finale

Join us for the Friday Finale at camp each week. Meet your camper’s new friends and see skits and songs from the week. Exact time varies from camp to camp. Sign up while registering for your weekly session.

Trading Post

Campers can learn about budgeting and bring home camp keepsakes or pick up forgotten camp gear (water bottles, bandanas, etc.) with a visit to our Camp Trading Post during their time at camp. To keep all camper possessions secure, any cash, checks, or cookie dough must be deposited into the campers trading post account during the registration or check-in process.

Campers typically spend $15-$25 on souvenirs. If trading post money is added online during registration, any unused money will go into our camper financial assistance fund.

Camp Adventure Care Package

Order a care package for your camper to receive while at camp! For $35, the care package will include a special gift for your camper, complete with a personalized message. Quantities are limited, so order early! Orders must be received at least two weeks prior to the camp session.
Badge Work
Activities coordinate with Girl Scout Journeys and badges. Badges are not included; earned badges may be purchased at your local service center. You will receive a badge sheet at the end of camp with the badge steps completed. Additional steps may have to be completed at home.

Buddy Requests
Overnight campers may request ONE buddy upon registration. Buddies will be placed in the same tent/cabin and will be buddies for as many activities as possible. However, they may not be buddies for all activities depending on group size, dynamics, and schedule.

Day campers will be in age-level groups (no buddy requests).

Cell Phones/Electronics
Cell phones/electronic devices are not allowed. We encourage families to send mail, care packages, and one-way e-mail to their campers.

We encourage parents to call and speak to the camp director about their camper at any time. In case of emergency or if warranted for any reason, parents/guardians/emergency contact person will be contacted.

Changes in Activities
Our camps are girl-led so the girls help plan activities. Activities may be modified or rescheduled depending on weather, group behavior, or available materials.

Counselor/Camper Ratio
Camper-counselor ratios will be met at all camps. Visit GetYourGirlPower.org for ratios. All counselors use a camp name while at camp.

Meals/Snacks
Day Campers at Camp Kiwanis and Quincy Community Day Camp must bring a sack lunch daily. Day Campers at Camp Widjiwagan will receive lunch in the dining hall each day. Overnight campers receive all meals and snacks. Morning and afternoon snacks are provided at all camps.

We do our best to accommodate all allergies and dietary restrictions. We ask that you contact the camp director to discuss any food allergies or accommodations a minimum of two weeks before arrival at camp so we are sure to be prepared!

Facilities
Campers stay in rustic units that are tucked into the woods and typically consist of 6-10 open-air platform tents or 4 rustic cabins. Tents are situated on wooden decks on the ground and are approximately 12’ x 14’ with weather-treated canvas sides and roofs. Each tent contains four sleeping cots with mattresses and each cabin contains 10 sleeping cots with mattresses. One rustic unit house that sleeps up to 24 will be used for some summer sessions at Camp Tapawingo.

All of our facilities have a shower house. Security lighting is located throughout camp.
Activities at GSCI Camps are designed to be progressive - new challenges and new activities become available as campers attend more camp sessions and gain more skills. This ensures campers are both staying safe and continuing to learn and try new things every year. It also keeps camp engaging and FUN! This means campers in the first grade may do substantially different activities from middle school campers. Read more about some of our favorite outdoor activities below. View the description for your session to see what activities campers will be doing during specific weeks.

**Archery**
Archery is a challenging and engaging activity available at all of our camps. While attempting to hit the bullseye, campers gain valuable practice in patience, concentration, and sportsmanship. Archery requires both strength and hand-eye coordination that is still developing in younger campers. For this reason, Daisy (K-1st grade) campers use alternatives such as sling shots or nerf-style archery sets.

**Challenge Course**
The challenge courses at Camp Tapawingo and Camp Widjiwagan are a great way to step outside your comfort zone and test your limits! The high ropes activities are designed for girls in middle and high school. The low or ground team building courses are designed for Juniors and above. These restrictions are for safety reasons. Not all teen camps will participate in these unless the activity is listed in the camp description.

**Canoeing**
Canoeing is an excellent way to explore the outdoors! All camps have canoeing available. Due to the strength and coordination required to maneuver a canoe, Daisies will be passengers when boating. All campers will learn the basics of how to be safe around boats and water and how to do basic canoe strokes. Older campers may progress to rescues, advanced strokes such as the J, Sweep, Pry, Draw, and more. Travel campers may go on longer canoe expeditions where they will learn how to safely paddle and portage.

**Climbing Wall**
The climbing walls at Camp Tapawingo and Camp Widjiwagan are designed for girls entering grades 2-3 and older. The equipment and design of the wall is made specifically for girls 4’ or taller.

All campers participate in Girl-Led Planning on the first day of camp. Each group discusses what activities they want to do at camp. We encourage campers to come with ideas in mind and be creative! Maybe you want your group to write and perform a play? Maybe you want to create a camp-wide scavenger hunt? Maybe you want to have a costume party in the lodge? Maybe you want to make sure some camp classics are done as well - archery, tie dye, friendship bracelets, stargazing or a night hike? Bring it up during Girl-Led Planning and your counselors will attempt to work it into your schedule. Girl-Led Planning helps campers take ownership of their experience while promoting collaboration and teamwork.

While we do our best to include all Girl-Led Planning ideas and requests, if you want assurance that you will do a particular activity while at camp, be sure it is in your session description.

Camp Staff

Sara Tate - “Squatch”  
Director of Program Events & Camp
309-214-1375 | state@girlscouts-gsci.org

Squatch is excited to spend another year traveling to all of our summer camps to spend time with our campers throughout council! She always looks forward to meeting new and seasoned campers and to hear about the experience and adventures they have had. Her favorite part of camp is watching campers conquer challenges and building new friendships. She can't wait to see everyone this summer!

Sarah Roberts - “Freckles”  
Camp Tapawingo Director
217-299-0108 | sroberts@girlscouts-gsci.org

Freckles is excited to return to her home camp of Tapawingo after a few summers away. This will be her seventh summer there, but the first as Tapawingo's Camp Director. You may have spotted her last summer having fun with the campers at Camp Kiwanis. This summer she hopes to keep the loved camp traditions that makes camp magic come alive and that camp brings many new experiences to help girls build courage, confidence, and character. Her favorite camp activities are archery, hiking, and high ropes course. She hopes you find your new favorite activity at camp this summer!

Serena Selinfreund - “Broadway”  
Camp Widjiwagan Director
815-780-7139 | sselinfreund@girlscouts-gsci.org

Broadway has lived for camp since she was a Daisy. With 8 years of camp under her belt, she lives 10 months for 2. From the coast of Maine to the deserts of New Mexico, she jumps into camp wherever she can find it. She loves the waterfront and has a passion for showing girls how they can be independent on land and off. “I truly believe I am the person I am today because of camp. It teaches you what you need to learn to love yourself, others, and the planet we live on.” Her favorite part of camp is watching girls come back year after year and grow from brave young campers to confident young adults. She is over the moon excited for her first year at Widji!

Kelsey Parker - “Cupcake”  
Camp Kiwanis Director
217-725-9189 | kparker@girlscouts-gsci.org

Cupcake has worked with Girl Scouts for a year and this will be her second summer at Camp Kiwanis. Last year, she worked as a counselor and had the time of her life. Having grown up in Girl Scouts and going to camp, she's excited to facilitate so much fun and adventure—while only being slightly jealous that she's not a camper herself!

Jessica Groszek - “Hoops”  
Camp Tapawingo Equestrian Manager
217-720-2101 | jgroszek@girlscouts-gsci.org

Hoops is excited for her seventh summer at Camp Tapawingo! She believes that horses are some of the most amazing teachers - they teach responsibility, build confidence, and bring out compassion; getting our youth one step closer to being the best future leaders. “The most rewarding part of what we do is watching campers overcome their fears. The moment a camper realizes they can control a 1,000+ pound animal, you get to witness pure joy on their face and a smile from ear to ear. Nothing beats that feeling!” Hoops can't wait for you to come to the barn and meet our wonderful horses.

Once you’ve learned all there is to know about minis, it’s time to saddle up and ride our regular sized horses and ponies! After your time at the barn is up, it’s time for some more fun. Non-Girl Scout T1: $385  T2: $335  T3: $285

Please note: This is a beginner camp.
A beginner equestrian camp is designed so that staff are more “hands on” with campers on horseback. We always strongly encourage campers to ride independently so long as they are comfortable and it is safe to do so. However, if the camper needs to be assisted while on their horse; for the safety of all participants (riders, staff, horses), then the proper support will be provided. Generally speaking, this equates to campers that have never been to equestrian summer camp or have been to at least one or an equivalent.

Equestrian Overnight Camps

Please read the skill level descriptions below thoroughly before registering your camper for an equestrian summer camp. It is important for the safety and satisfaction of all campers, staff, and the horses that campers are in a program that is appropriate to their skill level. Please note that it is better to sign up for a level too low than a level too high as campers will not be permitted to ride above their abilities. This ensures campers, staff, and horses stay safe and have an enjoyable experience.

Beginner ★
A beginner equestrian camp is designed so that staff are more “hands on” with campers on horseback. We always strongly encourage campers to ride independently so long as they are comfortable and it is safe to do so. However, if the camper needs to be assisted while on their horse; for the safety of all participants (riders, staff, horses), then the proper support will be provided. Generally speaking, this equates to campers that have never been to equestrian summer camp or have been to at least one or an equivalent.

Intermediate ★★
An intermediate summer camp is designed to further the camper’s independence from the staff. We encourage campers to ride with as little assistance as possible, while still under the close supervision of staff. If the camper requires aid, we can help as long as is needed, and then back away to allow for the camper to continue to ride unassisted and gain confidence. Generally speaking, this equates to campers that have been to 2 or 3 equestrian summer camps or an equivalent.

Advanced ★★★
An advanced equestrian summer camp is designed to help a camper gain full independence. The camper is furthering their riding skills and knowledge of horses through minimal assistance. Under careful supervision, campers will have full and complete independence from staff while working with and around our horses. Generally speaking, this equates to campers that have been to 4 or more equestrian summer camps or an equivalent.

All campers in horse programs will be split into groups based on riding skill. Girls will ride 2-4 times during the week. Excessively hot weather, rain and skill set of the group can affect the amount of ride time. Girls will receive a very well-rounded experience at the barn, including learning proper grooming and the basics of horse, equipment and stable care. Boots and helmets are provided for riding, and campers who wish to bring their own must check with the Equestrian Manager to ensure equipment meets safety standards.

Saddle up to learn new riding skills while playing mounted games such as egg and spoon, relay races, and obstacle courses. Build strength, confidence and sportsmanship. Kick off your boots, take a break from the barn, and see what else camp has to offer. Splash at the pool or gather around the campfire with all of your friends.

**Trail Mix**
Sunday, June 25 - Friday, June 30

Enjoy riding in the arena AND riding on the trail? This camp makes equal time for both. Spend the first two days demonstrating your ability to guide and control your horse in the arena, and then spend your last two days hitting the trails to become more confident in the saddle. When the boots are off, take to the trails on foot (maybe with trail mix in hand) to learn about trail markings and map reading. Once trail exploration has finished, navigate your way over to the pool for a relaxing swim.

*Juniors will earn their Horseback Riding Badge.*

**Wild West**
Sunday, July 9 - Friday, July 14

Spend this week at camp as a Wild West cowgirl. Learn about horses, branding, and what exactly barn life was like during this time. In the saddle, ride like the cowboys and cowgirls of the Old West. On foot, practice roping a cow. Once you’ve hung your hat up for the day, it’s time for some more fun. Head down to the creek to pan for some “gold”. Don’t worry there will be plenty of time for swimming, singing, s’mores and good ol’ storytelling’ and skits around the campfire.

*Juniors will earn their Horseback Riding Badge.*

**Trail Mates**
Sunday, July 9 - Friday, July 14

Get ready to hit the trails! Spend some time in the arena brushing up on your riding skills before heading out into the woods on horseback. Have fun with your friends and favorite four-legged buddies as you spend a few hours each day at the barn and on the trails! Learn about trail riding safety, emergency dismounts, and leg ups. Enjoy your time spent in the woods and be on the lookout for deer, wild turkey, and other wildlife as you might get lucky enough to spot some on your trail ride. Also you will get the chance to paddle in a canoe, get crafty with friends, and laugh around the campfire while making s’mores.

*Prerequisite: Camper is required to have attended a previous trail riding summer camp or has been on a trail ride before.*
Rodeo Rally
Sunday, July 16 - Friday, July 21

Pull on your boots and saddle up for some real rodeo fun! Learn all about rodeo events and show off in the arena doing flag races, pole bending, and barrel racing. When you’ve hung up you’re helmet for the day, have fun in a clown costume contest, learn to juggle, and put on face paint just like a rodeo clown. Now that you’re done “clowning around,” it’s time to cool off in the pool and relax around the campfire while you tell your friends all about your rodeo adventures.

Start off the week learning the importance of seat, leg, and rein aids and how to utilize these skills on a trail ride. Next, practice a mock trail obstacle course in the arena as you maneuver around obstacles. In this camp you’ll get to make your very own sea horse to take home and spend time riding and learning about horses. Horses can’t go in our pool, but we can bring the water fun to them! Help them beat the heat by giving them much needed baths. Once you are done pampering your horsey friends, it’s your turn to cool off by splashing around in the pool. When you’re not getting wet, enjoy making s’mores around the campfire, learning camp songs and games, and making crafts with friends. Juniors will earn their Horseback Riding Badge.
