Example of Nominee

A facilitator or service team member realized that although the council created workshops and resources on the Girl Scout Leadership Experience (GSLE), at volunteer meetings she heard comments indicating that many volunteers still were hesitant to use Journeys to deliver the GSLE to girls. She worked with a service team member to develop a GSLE mentor role, which would support all direct-service or leadership volunteers as they implemented what they learned in the workshops and put Journeys into action. This mentor role was piloted in four service- delivery teams where, after the first year, Journey sales increased by 30 percent; girls shared the impact of 14 new take-action projects via the council's e-newsletter; and the use of Journeys by girls in troops increased 12 percent.
