Registration opens Feb. 1 at 8 a.m. GetYourGirlPower.org

Fast online registration guarantees your reservation immediately!

Paper registration forms are available at all of our service centers.

Many camps fill and close on opening day of registration, so don’t wait!

All camps close 2 weeks prior to session.

Once registered, you will receive a confirmation e-mail receipt. The e-mail receipt will contain a link to the confirmation packet. You can also find the confirmation packet and required forms on our website under Summer Camps.

RESIDENT CAMP FLEXIBLE PRICING

RESIDENT CAMP PROGRAM OPPORTUNITIES FOR GIRLS ARE SUBSIDIZED BY GIRL SCOUTS OF CENTRAL ILLINOIS. THIS MEANS THE COST OF PROVIDING CAMP PROGRAMS AND OPERATING CAMP IS GREATER THAN THE FEE PAID TO PARTICIPATE.

THE FLEXIBLE PRICING SYSTEM OFFERS FAMILIES THE OPPORTUNITY TO HELP COVER THE TRUE COST OF RESIDENT CAMP IF THEY ARE FINANCIALLY ABLE.

For each session you will see three prices:

1. **Level 1** adds an additional $50 per day to Level 3. This reflects close to the actual cost of operating camp. Replacement supplies, maintenance of the buildings and grounds, and property staff support are included in this fee.

2. **Level 2** adds an additional $25 per day to Level 3. This covers approximately 75% of the actual cost of camp and is designed for those who can pay more but not the full fee.

3. **Level 3** is the lowest cost of this program listed in the camp brochure and on the website. This covers approximately 52% of the actual cost of operating the camp program.

Select the fee that you feel is affordable and appropriate for your family. The flexible pricing does not affect the quality of your child’s program, as all three fees are for exactly the same program. We ask if you are able to pay the full cost of camp that you do.

If choosing more than one week, you may, for example, pay Level 1 for one week and another level the next week. If multiple children are attending camp, you may pay the full fee for one child and another fee for another child.

The goals of offering flexible pricing options are to provide the highest quality programs possible to serve all community income levels and to preserve camp for generations to come.

(Sunday and Friday are half days so they equal 1 day plus the 4 in between to come up with the 5 total days.)

The Proof Is in the Research! Did You Know?

Camp builds problem-solvers! Girls with more frequent outdoor experiences are more likely to seek challenges and are better at solving problems—qualities that will help them embark on a lifetime of leadership, both academically and personally.

Camp exposes girls to new experiences! Of girls surveyed, 72 percent said that Girl Scouts gave them the chance to build their skills or try new outdoor activities.

Camp builds courage and confidence! Spending time in nature improves a girl’s concentration and creative reasoning. Outdoor experiences also help promote healthy social development and increase her self-esteem.

My daughter wouldn’t stop telling exciting things that happened. She was so thrilled to go an entire week!!

It was a really great summer of Girl Scout camp, and my daughter can’t wait to attend next summer. It is such a great program for girls this age, they have so much fun together and it seems like an environment where everyone can fit in and not worry about any judgment.

Our girls are very shy. The camp was great for them and they have learned so much. We will now go on nature walks and they are pointing out the names of trees and weeds. Great experience!
Activity Progression

Activity progression is very important to GSCI and the safety and success of your girls. That means your Brownie will not be doing the same activities as girls in middle school. See more about some of our favorite outdoor activities below. See the camp description to see what activities girls will be doing during specific weeks. We often do not get to all these activities in one week.

Archery
All GSCI camps have the opportunity to participate in archery. Archery is not permitted for Daisies because of the upper body strength required to pull the bow. Alternatives such as sling shots will be given to Daisies.

Canoeing
All GSCI camps have canoeing available. Daisies participating in canoeing will be passengers when boating. Canoeing requires a girl to have the arm reach to paddle and upper body to steer the boat.

Challenge Course
The high ropes activities at Camp Tapawingo and Camp Widjiwagan are designed for girls in middle and high school. The low or ground team building courses are designed for Juniors and above. These restrictions are for safety reasons. Not all teen camps will participate in these unless the activity is listed in the camp description.

Climbing Wall
The climbing walls at Camp Tapawingo and Camp Widjiwagan are designed for Brownies and older. The equipment and design of the wall is made specifically for girls 4 foot or taller.

At all Girl Scout camps, girls will participate in girl planning which puts them in control of their camp. Girls will discuss what activities they want to do at camp. During girl planning girls may choose the type of hike they will go on – color or alphabet hike. Or girls may discuss if they want to go swimming or canoeing for a water activity that week. Girl planning helps girls take ownership of their experience while promoting collaboration.

Girl Scout camp is a safe, inclusive space where girls can be free to be themselves! Camp fosters collaboration instead of competition, enabling girls to stretch beyond their limits! At camp we encourage girl-led activities, learning by doing, and cooperative learning.

You don’t have to be a Girl Scout to come to camp!

Meet the Camp Staff!

**Amy Frank “Catnip”**
Camp Kiwanis

Catnip will be spending her fourth year at a GSCI Camp and third year at Camp Kiwanis. She believes the enriching experiences and skills learned at camp allow girls to develop their full individual potential. She enjoys watching campers discover the power of girls, form new friendships, and try new things.

**Jewels** is the Equestrian Program Specialist and is excited for her second year at Camp Tapawingo’s summer camp. She was a Girl Scout in her youth and went camping and fishing with her family every summer. Jewels has been training, riding, and working with horses for 36 years. She believes that horses are a great path for girls. A horse is always honest, true and does not judge. They can teach us patience, compassion, confidence, and responsibilities. Qualities for our future leaders.

**Kailyn Miller “Lumos”**
Camp Tapawingo

Lumos is looking forward to her second summer at Camp Tapawingo! Overall, this will be her 20th summer at Girl Scout camp. She believes that camp is an amazing way to build confidence and independence. It is a great place to make new friends and to grow as a person. She looks forward to getting to see campers try new things and experience the magic of camp.

**Jessica Groszek “Hoops”**
Camp Tapawingo

Hoops is excited for her fourth summer at Camp Tapawingo! She recently got promoted to Assistant Equestrian Program Specialist, and has been enjoying every moment of it. In her time at camp she has learned that horses are some of the most amazing teachers for young girls. They teach responsibility, build confidence, and bring out compassion; getting our girls one step closer to being the best future leaders. Hoops can’t wait for you to come to the barn and meet our wonderful horses.

**Chloe Machula “Tippy”**
GSCI Camps

Tippy has spent just about every summer she can remember at camp as a camper or staff, and is excited for her 9th year as staff at GSCI camps! She hopes every girl leaves camp with new friends, increased confidence, and lifelong memories. She also hopes every girl embraces the opportunity to try new things and discover her inner leader at camp. Her favorite activities at camp are the high ropes course, hiking, and campfires! She hopes to see you at any of our camps, or that you’ll join her for the adventure of a lifetime on Travel Trail this year!

**Lisa Wall “Boots”**
Camp Widjiwagan

Boots will be at Camp Widjiwagan 8 years this season. With a blend of traditional camp activities and evolving programs, she strives to make summer camp a place to learn environmental stewardship, build self-esteem, and make life-long friendships with other Girl Scouts. She hopes each girl will leave camp with more confidence, leadership skills, and a sense of community to make the world a better place.

DID YOU KNOW?!

Girl Scout programming is powered by the Girl Scout Cookie Program. The Cookie Program helps to upkeep our camp properties. And is a great way for girls to help pay for their camp session.

Yes, Cookie Dough can be applied as payment for any camp session or be used in the Trading Post. (Please note, the $25 must be paid in cash, but Cookie Dough can be applied for the remaining balance.)

Let’s do the math...

500 boxes of cookies will pay for a week of day camp
700 boxes of cookies will pay for a mini resident camp session
1000 boxes of cookie will pay for resident camp

Plus you still get all the patches and incentives!

Don’t forget to bring any remaining Cookie Dough to camp to spend in the Trading Post on a new camp t-shirt!
